

HIV PrEP dinner Update for GPs and Practice Nurses

Developing a sustainable HIV, viral hepatitis, and sexual health workforce

Date: Wednesday, 31 October 2018

Venue: Pullman Auckland - Corners Princes Street and Waterloo Quadrant Auckland 1010

Time: 6:30pm - 9:30pm (Registration starts from 6:15pm)

Cost: Free (dinner and refreshments provided)

A landmark in HIV prevention drugs, PrEP (tenofovir with emtricitabine) is now since 1 March 2018 available for eligible patients in New Zealand. At this training GPs and nurses will learn more about prescribing PrEP, HIV prevention strategies and identify people at risk for HIV. This training will also include an STI update.

This training will provide GPs, Nurses, and Health Professionals working in primary care an update on strategies available for the prevention of HIV transmission, focusing particularly on pre-exposure prophylaxis (PrEP).

This PrEP Clinical Update will be presented by **Dr Sunita Azariah** Sexual Health Physician at Auckland Sexual Health Service, **Suzanne Werder** Nurse Practitioner at Auckland Sexual Health Services **Dr Garsing Wong** from the Auckland Central Medical & Health Centre.

At the end of this update, participants will be able to:

- Identify priority populations for testing
- Understand HIV epidemiology
- Understand what Anti-Retroviral Therapy is and how to access it
- Comprehend PrEP safety efficacy and usage data
- Understand effectiveness of PrEP
- Understand difference HIV prevention strategies including PrEP and Post-Exposure Prophylaxis (PEP)
- Explain to patients what PrEP/PEP is and how to access it
- Implement a range of HIV Prevention Strategies
