

EDUCATION

Canterbury Initiative General Practitioner Education Evening

Sexual Health—HIV Pre-exposure prophylaxis (PrEP) Education Session

Date: Wednesday 21 November 2018
7 pm– 8:30 pm

Canterbury Initiative in association with the Sexual Health Clinic offers a small group GP education session. At the end of the session attendees will have a good understanding of HIV PrEP and management of a PrEP programme.

Initial prescription is approved either by the Sexual Health Clinic or Infectious Diseases Department with follow-up medicines able to be prescribed by authorized GP's.

The structure of the session will be:

- Welcome and setup
- 40 minute online module - ASHM Course
(you will need to bring a device with you. Laptop or tablet with internet connectivity—we will provide WIFI access)
- 45 min discussion on issues, local prescribing and Sexual Health Clinic support

Presented by: Edward Coughlan, Director Sexual Health Clinic & Victoria Hoban, Clinical Nurse Specialist—HIV/Hepatitis

1.5 CME Points

By the end of this education evening you should be able to safely run a HIV PrEP programme

*Small group session—limited numbers
25 attendees*
